MECHANICAL ENGINEERING

The Journal of the American Society
of Mechanical Engineers

INDEX TO VOLUME 42

JANUARY TO DECEMBER

1920

PUBLISHED BY

THE AMERICAN SOCIETY OF MECHANICAL ENGINEERS

29 West Thirty-ninth Street, New York

INDEX
TO
MECHANICAL ENGINEERING
Volume 42, January to December 1920

For Engineering Survey see Separate Index, page IX

D, denotes discussion; C, correspondence; page numbers in parentheses are those of Section Two

A

Aeronautic instruments ... 263
Aeronautic Section organizes ... (36)
petition granted ... (62)
under way ... (53)
Aeronautics in the U. S. ... 192
recent development of, in America ... 253
Aeroplanes, cruising radius of ... 364
rectilinear flight of ... 398
Aims and organization report in effect ... (43)
Resolution by Buffalo Section on recommendations of committee on policy of A.S.M.E. ... (73)
Aircraft standardization, international ... 651
Air flowing into a vacuum, calibration of nozzles for measurement of ... 607
flow through small brass tubes ... 334
Airplane engines, superchargers for ... 383
Air propeller design, physical basis of ... 213
Akimoff, N. W. Foundations for machinery ... 671
Akron, A.S.M.E. meeting at ... 203
Engineering Society of, holds first annual dinner ... (100)
Engineering Society of, meeting ... 135, 155
Section approved by Council ... (99)
Section meeting ... (163)
Alexander, H. Profit sharing in industry (D) ... 35
Alford, L. P. Resolutions proposed by N. Y. Section on industrial unrest ... 36
Allen, John Romilly, biographical sketch of ... (12)
necrology and portrait ... (11)
Allen, Leslie H. The financial problems of industrial housing ... 346
Alloyed aluminum as an engineering material ... 495
Alloy steels in the automotive industry, some applications of ... 501
tools, some commercial heat treatments for ... 506
Alta, Lucas N., necrology ... (46)
Altitude flight of Major R. W. Schroeder ... 255
Aluminum alloyed as an engineering material ... 495
castings ... 427
Amendments, constitutional (by M. L. Cooke and F. J. Miller), mailed to membership ... (137)
American aeronautics and McCook Field ... 441
American Chemical Society, meeting of ... 683
American Drop Forge Association, meeting of ... 546
American Electrochemical Society, meeting ... 725
American Engineering Council, A.S.M.E. representatives on ... (135)
Executive Board of, meeting ... 723
first meeting of ... 720
American Engineering Standards Committee actively engaged in organizing standardization work ... 193
American Foundrymen's Association, meeting ... 724
American Gear Manufacturers' Association, meeting ... 366
American Institute of Electrical Engineers, meeting ... 258
New York Section of meeting ... 74
American Institute of Mining and Metallurgical Engineers, annual report of ... 259
meeting of ... 258
American Iron and Steel Institute, meeting of ... 484, 724
American Railway Engineering Association joins Engineering Council ... 306
meeting of ... 315
American Society for Steel Treating, annual convention of ... 652
American Society for Testing Matetials, meeting of ... 546
American Society of Heating and Ventilating Engineers, meeting ... 181, 202
Among the local sections (*See* Sections).
Anderson, Robert J. Brass and bronze castings (D) ... 440
Annals, the, September issue of, noteworthy papers on labor, management and production in ... 594
Annual Meeting, A.S.M.E., 1920, plans for, assure phenomenal success ... 646
tentative program of ... 647
note on ... (133)
Annual meetings, on housing the ... 6
Appraisal and valuation of properties ... 549
Arc-fused metal, properties of the ... 567
Arc-welding process, metallic-electrode ... 572
Armor plate and gun-forging plant of U. S. Navy ... 657
Armstrong, A. H. Steam vs. electric locomotives—the electric side ... 685
Asbestos, sheet, value of oil hot pipes 69 (C) ... 188
Ashworth, Daniel, necrology ... (46)
A.S.M.E. Annual Meeting, 1919 ... 32
President's address and reception ... 32
Business meeting ... 33
Appraisal and valuation session ... 34
Industrial situation session ... 35
Machine design session ... 36
Power machinery session ... 37
Textile session ... 39
Transportation session ... 40
Machine shop session ... 41
General session ... 42
A.S.M.E., brief history of, and notes on first annual meeting of ... (150)
A.S.M.E. Fortieth Anniversary celebrated on November 8 ... (149)
A.S.M.E. Officers for 1921 announced ... (152)
A.S.M.E., recommendations on the policy of ... (7)
A.S.M.E. representatives on American Engineering Council ... (135)
A.S.M.E. Spring Meeting, 1920 ... 386
General account of ... 386
Business meeting ... 387
Appraisal and valuation session ... 389
Local session ... 391
Aeronautic session ... 393
Castings session ... 395
Scientific session ... 395
Power session ... 397
Tulsa visit ... 398
A.S.M.E. Spring Meeting at St. Louis ... 309
Aspirators for sterilizing water, design of ... 562
Association of iron and steel engineers, annual meeting of ... 653
Atlanta Section ... (10, 25, 47, 62, 91, 101, 163)
Australia, development of labor situation in ... 593
Austrian engineers appeal for help ... 421
Autogenous welding of boilers and pressure vessels ... 70
Automobile show, New York, 1920 ... 130
Automobiles, passenger, economy of at various speeds (C) ... 705
Automotive industry, some applications of alloy steels in the ... 501
Ayr-Lallemont, T. M. Causes of industrial unrest and the remedy (D) ... 36
Averages, the correct statement of (C) ... 189
Aviation, the future of ... 28
Awards to be developed ... (41)

B

Baker, Charles Whiting. Extending ocean navigation to the Great Lakes (editorial) ... 592
Making the new Federation a success (C) ... 590
retires from journalism to enter new field ... 538
Select strong men for directors of new Federation (C) ... 474
Balancing of fuel, lubricant and motor, the proper ... 164
Ball bearings, effect of radial play on life of (C) ... 706
radial, load-speed capacities of (C) ... 534
Baltimore Section ... (10, 47, 62, 81, 91, 155, 163)
Council guests of ... (61)
Bancel, Paul A. Air pumps for condensing equipment (D) ... 39
Bane, Col. T. H. Views of McCook Field shown by ... 30, 31
Barnes, George M. Industrial situation in relation to present conditions (D) ... 34
Barnum, Evarts S., necrology ... (46)
Barr, William M., necrology and portrait ... (140)
Barth, Carl G., Taylor Society confers honorary membership upon ... (111)
portrait of ... (111)
Bartlett, Henry B., necrology ... (46)
Beach, Col. Lansing H., new chief of engineer corps ... 135
Bean, W. L. Steam vs. electric locomotives (D) ... 687
Beeuwkes, R. Steam vs. electric locomotives (D) ... 688
Belgium, German defenses on the coast of ... 319
Belting, steel, an experimental investigation of ... 369
Benedict, R. W. The training of engineering students in industrial management ... 492
Benjamin, Charles H. The testing of farm tractors ... 101
Bennett, Coolidge Johnson, necrology ... (80)
Benoit, A. W. Organization and construction of dye houses ... 673
Bever, Otto S. Scientific development of the steam locomotive (D) ... 40
Biggins, James R. Rational valuation—a comparative study ... 549
Bierbaum, C. H. Brass and bronze castings ... 435
Billings, Charles Ethan, necrology and portrait ... 479
Birmingham Section ... (81, 163)
Birry, Allan S., necrology ... (114)
Blaisdell, Allen H. Turbo-compressor calculations ... 151
Boiler Code Committee, work of ... 48, 126, 187, 248, 302, 417, 472, 531, 703
data sheets of the interpretations of ... 704
promulgation by the American Uniform Boiler Law Society ... 704
Boiler tubes, constitution and properties of ... 603
Boilers of locomotives, code for ... 187
Bolts and nuts, tight-fitting threads for ... 222
Book notes and reviews ... 81, 143, 205, 261, 317, 368, 485, 548, 601, 655, 726
Books, the new fall ... 655
Boston Section ... (10, 25, 47, 63, 91, 101, 163)
Bovie, T. A. Gray-iron castings (D) ... 440
Bowen, W. S. Control in industry (D) ... 35
Brashear, John Alfred, necrology ... 311
Resolutions on the death of ... (98)
Brass and bronze castings ... 435
Breckenridge, L. P. E.F.C. water-tube boiler for wood ships (D) ... 37
Bridgeport Section (*See* Connecticut Section)
Brinsmade, Louis L., necrology ... (115)
Britain, Great, National Physical Laboratory of ... 638
British research associations ... 638
Brock, Clifford E. Pipe lines for transporting natural gas ... 445
Bronze and brass castings ... 435
Brown, Stephen P. Brown, necrology ... (14)
B.t.u., proposed symbol for (C) ... 249
Buffalo, Engineering Society of, meeting ... (135)
Buffalo Section, meetings ... (10, 25, 48, 101, 155)
Bulletin on Society affairs, special ... 362
Bureau of Standards, technical work at ... 135
Burton, Marion L., inaugurated as president of University of Michigan ... 710
By-laws and rules, changes in constitution and ... (77)
By-product producer gas, why not? editorial ... 708

C

Calderwood, J. P., Mack, A. J., Hobbs, L. S., Potter, A. A. The heat-insulating value of cork and lith board ... 624
Caldwell, F. W., and Fales, E. N. Physical basis of air-propeller design ... 213
Calibration of nozzles for measurement of air flowing into a vacuum ... 607
Cammen, Leon. McCook field and American aeronautics ... 441
Candidates for membership ... (19, 35, 55, 71, 87, 95, 106, 119, 129, 147, 159, 170)
Carburization, effect of depth of copper plating on ... 565
Carlotti, Joseph A., necrology ... (156)
Carman, President-elect E. S., carries greetings to Canadian engineers ... (153)
Carman, E. S. Federated American Engineering Societies, editorial ... 476

377160

CARNEGIE, ANDREW. Meeting in memory of 306
CARY, ALBERT A. E F C water-tube boiler for wood ships (D) 37
CASE, J. HERBERT, remarks by, at Fortieth Anniversary A S M E 713
Case School of Applied Science, Warner and Swasey Observatory dedicated at 717
Cast-iron pipe, flanges for 406
Castings, metal 427
Castings session of 1920 Spring Meeting, discussion at 439
Center-crank shafts, large, experiences with 610
Character is power (secretary's letter) (59)
Chemical Exposition, sixth 653
Chicago Section meetings (10, 48, 63, 81, 91, 101, 163)
Chimneys, self-supporting, to withstand earthquake 157
China, industrial training in (C) 305, 419
CHRISTIE, A. G. Comments on the proposed code of ethics (C) 591
Cincinnati Section meetings (48, 81)
Civil engineers discuss development problems 197
Civilization follows transportation 128
Classification and compensation of engineers 138
Appendix to report on 195
Cleveland Engineering Society celebrates fortieth anniversary 416
Cleveland engineers invade Detroit (135)
Cleveland Section felicitates president-elect Carman 163
Meetings (10, 25, 48, 81, 91, 101, 155, 163)
Coal, pulverized, in metallurgical furnaces at high altitudes 225
Coals, eastern, a stoker for burning 279
Coast defenses, modern 367
Coast of Belgium, German defenses on 319
Code, Boiler (*See* Boiler Code)
Code of Ethics, report of special committee on 123
Comments on (C) 591
favors printing in shape for framing 595
COFFIN, HOWARD E. A word of caution regarding the new Federation (C) 591
COFFIN, MITCHELL, necrology (164)
COLE, F. J. Scientific development of the steam locomotive (D) 40
Steam vs. electric locomotives (D) 687
Colorado Section meetings (10, 25, 48, 63, 81, 91, 155)
Columbus section approved by Council (99)
Commercial heat treatments for alloy steels 506
Committee (*See* name of Committee)
Committee activities now resuming (134)
Committees, Special Committee on, report of 78
Compressed-spruce pulleys, an investigation of 451
Condensed Catalogues, listing forms for consulting engineers in 1920 volume of 478
tenth anniversary of (153)
Conductivity, thermal, of insulating materials 8
Connecticut Section
Bridgeport Branch meeting (164)
Hartford Branch meetings (10, 25, 63, 81, 164)
Meriden Branch meetings (10, 48, 81, 101, 137, 155)
New Haven Branch meetings (25, 48, 63, 81, 91, 101, 137, 164)
Waterbury Branch meetings (155, 163)
Conservation, fuel and power, on the Pacific coast 710
through engineering 252
Constitution and by-laws, amendments to (6)
changes in (77)
Constitutional amendments (M. L. Cooke and F. J. Miller) mailed to membership (137)
Construction and organization of dye houses 673
period 560
Control of industry, mutual, systems for 14
CONVERY, JOHN JOSEPH, necrology (103)
Convoy, the first transcontinental motor 145
COOKE, MORRIS LLEWELLYN. A criticism of the new Federation (C) 533
Should A S M E juniors have the privileges of members? (45)
COOLEY, DEAN M. E., appointed on Postal Advisory Board (134)
Address at A S M E Annual Meeting, 1919 43
Code of ethics restated (C) 705
Copper plating on carburization, effect of depth of 565
Cork and lith board, the heat-insulating value of 624
Correspondence 125, 188, 249, 303, 419, 474, 532, 590, 640, 704
COTTRELL, DR. F. G. becomes new director of Bureau of Mines 364
Council Notes (Abstract of minutes of Council meetings of the Society) (4, 42, 61, 75, 90, 100, 161)
CRAVER, HARRISON W. The new fall books 655
Crescograph 308
CROUSE, GEORGE B. Principles of the gyrocompass 619
CULLINGWORTH, GEORGE R., necrology (28)
CUMMINGS, S. R. The determination of fiber stress caused by force fits (C) 533
Cylinders, strength of thick hollow (C) 259

D

Dallas, Technical Club of, joins F A E S 480
Dallas, Texas, joint meeting of Mid-continent and Houston sections at (162)
DAVIS, A. P., remarks by, at Fortieth Anniversary A S M E meeting 712
DAY, V. S. The value of sheet asbestos on hot pipes (C) 189
DEBAUFRE, WILLIAM L. Calibration of nozzles for measurement of air flowing into a vacuum 607
DEEDS, COL. E. A. The future of aviation 28
DE FREMINVILLE, CHARLES, elected to honorary membership in the A S M E 73
Reliability of materials and mechanism of fractures 207
DeLamater collection presented to A S M E 707
Design of air propeller, physical basis of 213
of ore fleet for upper Mississippi 379
of hoisting drums, rational 675
Determination of fiber stress caused by force fits (C) 533
Detroit Engineering Society, meeting of (135, 154)
Detroit Section meetings (25, 63, 164)
Development problems, civil engineers discuss 197
DICKIE, A. J. Fuel and power conservation on the Pacific coast (special correspondence) 710
DICKSON, WILLIAM B., address by, at A S M E Fortieth Anniversary 715
Die castings 434
Diesel-electric drive for ships 283
Diesel engine, opposed-piston 348
Dissipation of heat by various surfaces 230
Domestic service, efficiency of natural gas used in 287
Dredging pump of novel construction 1
Drives, worm, for rear-axle trucks, tests on 613
Dues of members in active service during war (39)
Dye houses, organization and construction of 673

E

EARHART, R. F. Efficiency of natural gas used in domestic service 287
Earthquake, self-supporting chimneys to withstand 157
Eastern New York Section meetings (25, 48, 81, 164)
EBERHARDT, HENRY J. Thread forms for worms and hobs (D) 42
Economic loss caused by rust (C) 126
Economy of passenger automobiles at various speeds (C) 705
Editorial associates on MECHANICAL ENGINEERING 252
Education, A S M E Committee on (134)
Education, industrial, a great work possible in 592
EDWARDS, SAMUEL H., necrology (140)
Efficiency of natural gas used in domestic service 287
EKSTRAND, CHARLES, necrology (14)
Election of officers for 1921 (24)
Electric-arc welding of steel, properties of the arc-fused metal 567
Electric power for Holyoke, Mass 70
power supply of southern textile mills 161
side, steam vs. electric locomotives 684, 685
vs. steam locomotives 680
welding, notes on 567
Electrodeposition of iron 447
Elevators, standardization of 716
ELMES, C. F. Price levels in relation to value 553
EMERSON, H. Wage payment (D) 35
EMMET, W. L. R. Edison Medal presented to (111)
portrait of (111)
EMORY, FREDERICK LINCOLN, necrology (80)
Employees' representation in management of industry 133
Employment Bulletin (15, 29, 48, 66, 82, 93, 103, 113, 125, 141, 156, 166)
Employment Bureau of Engineering Societies, note on 113
completes successful year 68
Engineer and the woodworking industry 448
Engineering colleges, specialized curricula in 127
Engineering Council, committee of, on licensing of engineers 77
report of committee on classification and compensation of engineers 138
activities for 1919, a review of (41)
gives its endorsement to F.A.E.S. 480
Engineering division of National Research Council issues report 650
Engineering Foundation, endowment of 414
reports progress in research 137
seeks large endowment 363, 598
Engineering Index (in all issues) 1a
annual volume of, to be alphabetically arranged 69
annual volume to be issued May 15 253
for 1919 just issued 963
issued in new form 68

F

FAIRBANKS, FRANK L. Common errors in designing and machining bearings (D) 41
FALES, E. N., and CALDWELL, F. W. Physical basis of air propeller design 213
Farm tractors, testing of 161
Fatigue phenomena of metals, committee on receives $30,000 from General Electric Co 588
Federal Power Commission adopts regulations 645
organization and status of 592
Federated American Engineering Societies 420 (C) 474
(*See also* items under *Federation*)
organizations participating in 423
editorial on 476
news and notes of the 480
constitution of the 541
first meeting of the American Engineering Council of the 750
created to consolidate engineering organizations of America 649
Federation an opportunity for local societies (C) 532
caution regarding the (C) 590
civil engineers to vote on joining 597
Cleveland engineering society fifth member of 597
dues and local societies (C) 533
electrical engineers become charter member of 597
making it a success (C) 590
of architects and engineers, state of Minnesota proposes 539
of engineering societies, first step toward 198
of engineering societies planned by organizing conference 422
purposes and activities of 596
strong men for the new (C) 474
support, societies rapidly organizing for 596
the new, a criticism of the (C) 533
Feedwater heating, locomotive 283
FERNALD, ROBERT H., biographical sketch of (12)
Why not by-product producer gas? 708
Fiber stress caused by force fits, determination of (C) 533
stress in a square plate (C) 475
Financial problems of industrial housing 346
Finding jobs for things, editorial 709
Fire-hose couplings, standardization of 482
FISH, FREDERICK P. The causes of industrial unrest and the remedy 17
FISHER, ELBERT C., biographical sketch of (12)
Fittings, effect of, on flow of fluids through pipe lines 615
Flanges for cast-iron pipe 106
Flood legislation, important 314
Flow of air through small brass tubes 334
of fluids through pipe lines, effect of fittings on 616
FORAN, GEORGE J. Air pumps for condensing equipment (D) 38
Ford plant at River Rouge, Mich., the new 641
Foundry practice, modern, a treatise on 592
FOWLER, JOHN, biographical sketch of (12)
FRANKLIN, W. S. Pumping machinery, its theory and application 592
FREEMAN, JOHN R. Fortieth Anniversary A S M E 713
Fuel and power conservation on the Pacific coast 710
Fuel, pulverized, in metallurgical furnaces at high altitudes 225
Fuels, solid, gaseous and liquid, their properties and uses 592
Furnaces, metallurgical, pulverized fuel in, at high altitudes 225

G

GANTT, H. L. Industrial education a great work possible in 592
GARDNER, HENRY A. Physical tests of paints, varnishes, lacquers and colors 592
GARFIELD, HARRY A. Fuel and power conservation on the Pacific coast 710
GAS, NATURAL, efficiency of, used in domestic service 287
Gas, producer, why not by-product? 708
GEARY, JOSEPH H. Engineering societies, first step toward federation of 198
General Electric Co., $30,000 from, received by committee on fatigue phenomena of metals 588
GEORGE, W. H. Engineering societies, first step toward federation of 198
GIBBS, GEORGE, biographical sketch of (12)
GILBRETH, FRANK B. Motion study 592
GILLETTE, H. P. Earthquake, self-supporting chimneys to withstand 157
GLEASON, ARTHUR H. Engineering societies, first step toward federation of 198
GOETHALS, GEN. GEORGE W. Fortieth Anniversary A S M E 713
GOLDMARK, JOSEPH. Fuel and power conservation on the Pacific coast 710
GOLDSBOROUGH, G. R. Fuel and power conservation on the Pacific coast 710
GOODRICH, E. P. Engineering societies, first step toward federation of 198
GOODWIN, DR. H. M. Engineering societies, first step toward federation of 198
GORDON, ROBERT B. Fuel and power conservation on the Pacific coast 710
GRAHAM, ROBERT. Engineering societies, first step toward federation of 198
GRAHAM, WILLIAM. Engineering societies, first step toward federation of 198
GRAVES, HENRY S. Fuel and power conservation on the Pacific coast 710
GREENE, C. W. Fuel and power conservation on the Pacific coast 710
GREENE, W. S. Fuel and power conservation on the Pacific coast 710
GREENWOOD, ERNEST. Engineering societies, first step toward federation of 198
GRIFFIN, ROBERT S. Fuel and power conservation on the Pacific coast 710
GRIFFITHS, DAVID. Fuel and power conservation on the Pacific coast 710
GUTHRIE, JOHN A. Fuel and power conservation on the Pacific coast 710
GYROSCOPE, the, and its applications 592
GYROSCOPIC compass, principles of the 619

H

HAMILTON, ALICE, appointed on Postal Advisory Board (134)
HAMILTON, CLARENCE H. Engineering societies, first step toward federation of 198
HAMILTON, GEORGE. Engineering societies, first step toward federation of 198
HANCOCK, JOHN. Engineering societies, first step toward federation of 198
HANKINS, C. W. Fuel and power conservation on the Pacific coast 710
HARDING, PRESIDENT WARREN G. Fortieth Anniversary A S M E 713
HARRIS, CHARLES. Engineering societies, first step toward federation of 198
HARRIS, JOHN. Engineering societies, first step toward federation of 198
HARRISON, W. J. Fuel and power conservation on the Pacific coast 710
HARTFORD Branch meetings (10, 25, 63, 81, 164)
HARTMAN, C. A. Engineering societies, first step toward federation of 198
HARVEY, A. M. Engineering societies, first step toward federation of 198
HAUPT, LEWIS M. Fortieth Anniversary A S M E 713
HAWKINS, C. C. Fuel and power conservation on the Pacific coast 710
HAYFORD, JOHN F. Fortieth Anniversary A S M E 713
HEAT-INSULATING value of cork and lith board 624
HEAT treatments for alloy steels, commercial 506
HEATING, locomotive feedwater 283
HEBERT, L. P. Engineering societies, first step toward federation of 198
HEDLEY, F. H. Engineering societies, first step toward federation of 198
HEILMAN, R. E. Engineering societies, first step toward federation of 198
HEINRICH, CARL. Engineering societies, first step toward federation of 198
HENDERSON, ARTHUR. Engineering societies, first step toward federation of 198
HERRON, J. H. Engineering societies, first step toward federation of 198
HERSCHEL, CLEMENS. Fortieth Anniversary A S M E 713
HERSEY, MAYO D. Fortieth Anniversary A S M E 713
HERTZ, JOHN D. Engineering societies, first step toward federation of 198
HIBBARD, W. L. Engineering societies, first step toward federation of 198
HIGGINS, C. H. Engineering societies, first step toward federation of 198
HIGGINS, J. M. Engineering societies, first step toward federation of 198
HIGGINS, JOHN. Engineering societies, first step toward federation of 198
HIGGINS, W. H. Engineering societies, first step toward federation of 198
HIGGINSON, H. L. Engineering societies, first step toward federation of 198
HIGH-SPEED steels, heat treatments for 506
HIGHWAY transportation, motor, a treatise on 592
HILL, JAMES J. Fortieth Anniversary A S M E 713
HILL, JOHN. Engineering societies, first step toward federation of 198
HILL, JOHN W. Engineering societies, first step toward federation of 198
HILL, JOSEPH. Engineering societies, first step toward federation of 198
HILL, R. M. Engineering societies, first step toward federation of 198
HISTORY of the A S M E, 1880-1915 592
HOBART, H. M. Engineering societies, first step toward federation of 198
HOBBS, W. H. Engineering societies, first step toward federation of 198
HOBSON, RICHMOND P. Fortieth Anniversary A S M E 713
HOLLAND, JOHN P. Engineering societies, first step toward federation of 198
HOLLIS, H. P. Engineering societies, first step toward federation of 198
HOLYOKE, Mass., electric power for 70
HOOVER, HERBERT. Engineering societies, first step toward federation of 198
HOOVER, J. W. Engineering societies, first step toward federation of 198
HORNE, WILLIAM E. Engineering societies, first step toward federation of 198
HOUSING, financial problems of industrial 346
HOUSTON, DAVID F. Fortieth Anniversary A S M E 713
HOUSTON Section meetings (10, 25, 48, 63, 81, 91, 101, 155, 163)
HOWARD, CHARLES P. Engineering societies, first step toward federation of 198
HOWARD, J. H. Engineering societies, first step toward federation of 198
HOWE, HENRY M. Fortieth Anniversary A S M E 713
HOWE, LOUIS K. Engineering societies, first step toward federation of 198
HOWELL, J. C. Engineering societies, first step toward federation of 198
HOWELL, JOHN W. Engineering societies, first step toward federation of 198
HOWELL, R. B. Engineering societies, first step toward federation of 198

roto-piston vacuum and pressure 635
Punching, high-speed, laws of 584
Pyrometer, signaling 297

Q

Q-alloy of nickel-chromium family 536

R

Radiation, constants of 114
Radiators for aircraft engines 463
free-air, streamline casing for 289
head resistance due to 289
Rails, old 291
Railways, electric, fuel selection for 580
RAWDON, HENRY S. 171, 352
RAYLEIGH, LORD 630
Raymond system of air classification 581
Reaction jet propulsion 234
Refrigeration, salt precipitation by 123
Regan automatic train-control system 696
Relieving attachment for lathes 295
Research, scientific and industrial, in England 696
REYNOLDS 630
RICHARDSON, E. A. and L. T. 631
Rings, piston 407
Ripken automatic drifting valve for locomotives 121
RIPPER, PROF. W. 117
RIPPON, J. E. 406
Rocket action 179
ROGERS, W. O. 241
Rolling, cold, stresses caused by 404
Rope, cotton, for power transmission 575
driving, centrifugal force in 576
ROSE, C. E. 635
Roto-piston vacuum and pressure pumps 635
ROWLEY, P. 579
Ruston and Hornsby solid-injection crude-oil engine 521

S

Salt precipitation by refrigeration 122
Sawmill refuse as fuel 580
Saws, hack 522
Scavenging valve 174
SCHEEL, KARL 124
Schneider 155-mm. gun 411
SCOTT, H. 351
Scragging springs, machine for 635
Searchlights 454
Shafts, cardan, strength of 524
Shear strength of plywood webs 577
Ships, concrete 239
merchant, war, experience with 526
oil vs. coal for use on 124
rivetless 524
Similarity, dynamical 630
SINNATT, F. S. 405
Sled, motor 298
SMITH, A. R. 456
SMITH, D. J. 177
SMITH, J. W. 694
SMITH, P. H. 466
Smith gas producers 177
SNOW, W. H. 585
SOMERFELD 115
Sonic wave-power tools 633
SOUTHCOMBE, J. E. 116
Springs, helical, machine for testing 635
Stamping, hot, British and American practice in 585
Stamps, steam and friction 585
Standardization of frequencies 242
of power piping 63
of power plants 299
STANTON, DR. F. E. 115
Staybolts in locomotive boilers, deflection of 133
Steam engine, reciprocating 242
low-pressure, control device 694
nozzles 697
pressures, higher 460
plants, hydraulic and, combined operation of 518
Steel, alloy, molybdenum in 172
alloy, pickling of 234
carbon, hardening of 580
castings, light 579
copper 692
industry, truck transportation in 699
nickel, critical ranges of 351
physical properties of 406
valve, in internal-combustion engines 59
zirconium-containing 697
STERN, H. 405
STEVENS, JOHN A. 64
Stevens super-power central station 453
Stevens-Pratt boilers 453
Stoker, mechanical, aboard ship 175
Pluto 632
underfeed, burning coke breeze on 465
STONEY, GERALD 61
Storage-battery testing 55
STRAND, C. H. 631
STROMEYER, C. E. 65
STUART, GEO. J. 63
STUTZ, C. C. 175
Supercharging 354
Superheater, Horwich, for locomotives 65
Superpower central station, Stevens 453
station, design of, General Electric 456
Surface combustion 404

T

TALBOT, PROF. A. N. 291
TANNER, J. ROY 63
TAYLOR, C. S. 234
TAYLOR, REAR-ADMIRAL D. W. 693
TAYLOR, ROGER 65
Temperatures, high, dynamical method for raising gases to 637
Testing, engine, new Bureau of Standards plant 408
magnetic, apparatus for 698
plants for water turbines 513
Tests, impact, on alloys 519
"Therm" (gas unit) 633
THOM 524
THOMA, D. 409
THORNTON, H. M. 353
Tidal power development at Hopewell 115
Time, unit of, absolute 120
Tiredness 238
Tools, lathe turning, cutting power of 117
sonic wave-power 633
TOSTEVIN, ENGR-COMMANDER H. B. 357
Train-control system, automatic, Regan 696
Transmission, oil, Carey system of 696
Transport, aerial, of woolen goods 289
Transportation, truck, in steel industry 699
TRESIDDER, CAPT. T. J. 584
Truck transportation in steel industry 699
Turbines, employment of nozzles in 123
Francis 513
gas, Holzwarth 292
geared 577
high-speed, gears for 61
hydraulic, Kaplan 516
new, placing in service 65
reaction, efficiency of 577
rotors for, balancing 460
steam, development of 459
steam, speed and power limits of 62
water, analytical theory of 689
water with two Pelton wheels of different diameters 57
Turner-Moore motor-car engine 407

U

UEBBELOHDE 356
UPTON, G. B. 233

V

Valve, drifting, automatic, Ripken, for locomotives 121
hydraulic, balanced 294
motor-car-engine, accentuated inclination of 407
scavenging 174
single-sleeve, Burt 583
steels in internal-combustion engines 59
stop, automatic, Coxon 64
Variable-stroke aero engine, Zeitlin 582
VAUTRIN, A. 238
VEIL, S. 358
Ventilation, ozone in 406
Vibrations, ground, due to reciprocating machinery 693
ground, transmission of 693
Vickers submarine-boat type engine 627
Viscosity of lubricants, standard test for 408
Saybolt, of blends 463

W

WALKER, WM. J. 361, 467
War expedients as to metals in Germany 464
vessels, design of 693
Warships, mechanical reduction gears in 357
Water consumption of power stations 458
filament flow 516
indicating devices for locomotives 695
power 513
purification 462
softening in Pittsburgh district 587
wheel for low-head plants 517
WATKINSON, PROF. W. H. 637
Waves, sonic, Constantinesco 359
Webs, plywood, shear strength of 577
WELCH, PROF. J. J. 526
Welding, electric, use on ship *Fallagar* 524
WHEELER, RICHARD VERNON 239
Whistle valve, remote-control 454
WILLIAMS, HUGH R. 522
WILLS, H. 585
WILSON, AUSTIN R. 519
WILSON, T. R. C. 291
Wind tunnel, McCook Field 403
Wind-tunnel studies in aerodynamic phenomena 403
Wing, Alula 579
Wire drawing, diamond dies for 118
Wireless 454
Women workers in Britain 180
Worm gear, David Brown & Son's type 116
gears, involute 117
WRAGG, A. 406
WUERTH, ALBERT 464

Y

YATES, RAYMOND FRANCIS 123

Z

Zeitlin variable-stroke aero engine 582
Zirconium-containing steels 697
